

Handling Specialty has developed a global reputation for successfully delivering custom engineered material handling systems to a wide range of industries.

Entertainment Industry

Handling Specialty is the global leader in the design, manufacture and installation of engineered-to-order solutions for performance venues and live entertainment experiences. Our creative and unique solutions are utilized to move stages, scenery and performers in the most awe-inspiring entertainment spaces around the world.

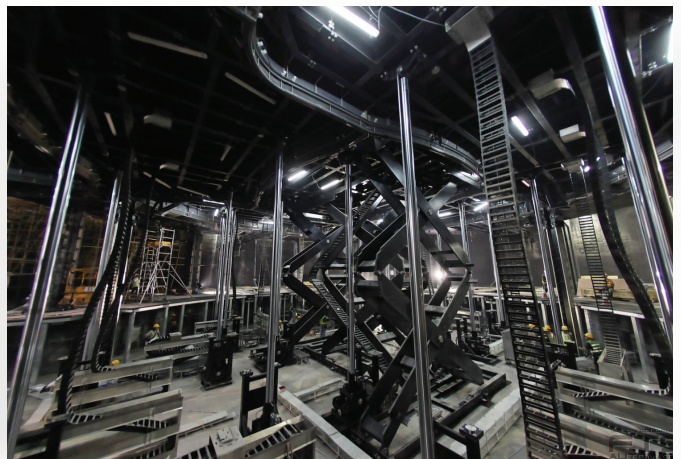

Throughout each project, Handling Specialty works with a variety of stakeholders including architects, construction firms, owners and operators to efficiently design solutions for complex project requirements and provide reliable solutions to difficult engineering challenges.

Handling Specialty employs a highly skilled and dedicated work force that delivers a relentless commitment to quality, creative designs, robust equipment, turn-key installations, onsite training and long-term professional support.

We Build Big Things to Help our Customers Build Big Things
